## LIMITED TIME ONLY!!!

- The United States Citizenship and Immigration Services (USCIS) recently lost a court judgment. The judgement that ruled that a recent increase in the EB-5 investment amount from \$500,000 to \$900,000 in November 2019 was unlawful. Therefore, USCIS had to reduce the lowest investment amount to \$500,000 in June 2021.
- The \$500,000 investment threshold is currently in place.
- USCIS is expected to raise the investment amount back to \$900,000 in several months.
- This is an amazing WINDOW OF OPPORTUNITY!

## EB-5 Immigrant Investor Program

**Alert:** On June 22, 2021, the U.S. District Court for the Northern District of California, in *Behring Regional Center LLC v. Wolf*, 20-cv-09263-JSC, vacated the [EB-5 Immigrant Investor Program Modernization Final Rule \(PDF\)](#). While USCIS considers this decision, we will apply the EB-5 regulations that were in effect before the rule was finalized on Nov. 21, 2019, including:

- No priority date retention based on an approved Form I-526;
- The required standard minimum investment amount of \$1 million and the minimum investment amount for investment in a Targeted Employment Area (TEA) of \$500,000;
- Permitting state designations of high unemployment TEAs; and
- Prior USCIS procedures for the removal of conditions on permanent residence.

In other words, we are applying the regulations in effect before Nov. 21, 2019, on this website and in the [USCIS Policy Manual, Volume 6, Part G, Investors](#). In addition, we again will accept the April 15, 2019, version of [Form I-526, Immigrant Petition by Alien Entrepreneur](#), because the Nov. 21, 2019, version of the form reflects updates from the now-vacated rule.
